

List of Diseases caused by Vaccines culled from the Vaccine Bible by Jean Paul Vanoli

1. abdominal purpura
2. acute myocarditis
3. acute necrotic myelopathy
4. acute renal failure
5. AIDS
6. algodystrophic syndrome
7. allergic rhinosinusbronchopathy
8. allergic vasculitis
9. amyotrophy
10. anaphylaxis
11. arthritis
12. aseptic meningitis
13. asthma
14. autoimmunity
15. basal cell epithelioma
16. bone changes
17. bovine leukosis
18. brain stem encephalitis
19. bronchial asthma
20. bulging fontanel
21. calcifying dermatomyositis
22. calcifying epithelioma
23. cancer
24. carpal tunnel syndrome
25. cerebellar ataxia
26. chorioretinitis
27. Chromosome changes
28. contagious ecthyma
29. convulsions
30. deafness
31. demyelination
32. dermatomyositis
33. diabetes
34. discoid lupus erythematosus
35. disseminated sclerosis
36. eczema vaccinatum
37. encephalitis
38. enterovirus
39. epilepsy
40. erythema multiforme
41. erythema nodosum
42. erythematopurpuric acrodermatitis
43. exanthem
44. eye disease

45. facial palsy
46. granuloma pyogenicum
47. Guillain-Barre
48. haemophilus influenza type B
49. hearing loss
50. hemolytic anemia
51. hepato-renal syndrome
52. Herald patch
53. Hodgkin's
54. hypergic accident
55. hypogammaglobulinemia
56. hypoglossal nerve paralysis
57. IgA membranoproliferative glomerulonephritis with semilunar forms
58. immunosuppression
59. influenza
60. invasive bacterial infections
61. juvenile rheumatoid arthritis
62. kidney disease
63. leukocytoclastic vasculitis
64. lymphadenitis
65. lymphatic lymphoma
66. lymphoid depletion
67. malignant tumors
68. mastocytosis (urticaria pigmentosa)
69. measles
70. meningitis
71. meningoencephalitis
72. multiple sclerosis
73. mumps
74. myasthenia gravis
75. myelitis
76. myeloproliferative disorder
77. myocarditis
78. necrotizing cerebral ateritis
79. nephrotic syndrome
80. nerve deafness
81. nerve root neuritis
82. neuritis
83. neurological disease
84. ocular vaccinia
85. optic nerve atrophy blindness
86. optic neuritis
87. paralytic brachial neuritis
88. paroxysmal supraventricular tachycardia
89. perarteritis nodosa
90. pericarditis

91. periorbital edema
92. peripheral neuritis
93. petechiae
94. pneumonia
95. polio
96. polyneuritis cranialis
97. proteinuria
98. psoriasis vulgaris
99. purpura fulminans
100. pyrexia
101. rabies
102. renal disease
103. rheumatoid purpura
104. rubella
105. SCEs in lymphocytes
106. Schonlein-Henoch purpura
107. sensory polyneuropathy with myoclonus
108. skin disease
109. small vessel vasculitis
110. Stevens-Johnson syndrome
111. Sweet's syndrome: acute febrile neutrophilic dermatosis
112. systemic vasculitis
113. tetanus
114. thrombocytopenic purpura
115. tuberous sclerosis
116. typhus
117. uremic-hemolytic syndrome
118. urticaria
119. uveitis
120. uveoretinoneuritis
121. vaccinia gangrenosa
122. vaccinia necrosum
123. vestibulopathy
